DETAILED ACTION

Response to Amendment

1. Applicant's submittal of an amendment was received on February 17, 2005, wherein claims 1 and 8-10 were amended and claims 5-7 were cancelled.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Sean Kaufhold on April 26, 2005.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, line 12, the phrase "extending outwardly" has been replaced with the phrase --contained in openings--.

In claim 1, line 16, the word "snappily" has been deleted, the word --securely-- has been inserted before the word "attached", and the phrase --with snaps-- has been inserted after the word "panel".

Allowable Subject Matter

3. Claims 1-4 and 8-10 are allowed over the prior art.
4. The following is an examiner's statement of reasons for allowance: In the Examiner's opinion, a stroller and safety seat combination having a panel being arcuate so that said top side is generally concave from said front edge to said back edge was not anticipated, nor would it have been obvious to a person of ordinary skill in this art. Examiner agrees with the Applicant that the Szmidt reference does not have a panel being arcuate so that the top side is concave from said front edge to said back edge as required by claim 1. The panel/seat 14 in Szmidt has alternating portions of concave and convex sections so that a seat can be formed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
